TWIN VENT

WIRE PULL® SMOKE

EG®
GRENADE CO.

A black cylindrical device stands on a concrete surface, emitting a thick, vibrant plume of red smoke that rises into a clear blue sky. The smoke has a textured, almost crystalline appearance. The device has the words 'WIRE PULL SMOKE' printed vertically in red on its side.

ULTIMATE MATCH

IGNITE • COMBUST • SURVIVE

The **Ultimate Match** has been designed to produce a flame, even in the most extreme conditions, allowing you to start a fire where other methods fail. This is a great product to carry with you, no matter your adventure. Perfect for your survival kit in the event of an emergency.

The Ultimate Match is compact and super easy to ignite, just pull the ring sideways. It is water and wind resistant and will stay ignited for up to 120 seconds.

Being able to reliably and quickly start a fire is essential for warmth, signalling, and cooking. The Ultimate Match is perfect for emergency kits and outdoor adventures.

EFFECT:

An intense flame burning at approx 1200 degrees Fahrenheit.

IGNITION TYPE:

Using the simple and effective Wire Pull® ignition.

DURATION:

120 seconds of consistent, reliable flame.

DIMENSIONS:

Without the waterproof case, the compact Ultimate Match has a diameter of 25mm and a height of 100mm.
